#### **FORMIRANJE BAZE** podataka pod nazivom i *hwdtt* i tabele *webSiteUsers*.

Pre kreiranja baze podataka neophodno je kreirati korisnički nalog u kome se definiše lozinka za pristup bazi podataka koja će se u nastavku kreirati.

Dodavanje korisničkog naloga – nije potrebno obaviti na NWT serveru – administrator je to već uradio.
